

## All You Want to Know About Service Charges in Social Housing 2018

February, May & September 2018

We are holding our 2018 series of seminars on 'All You Want to Know about Service Charges in Social Housing' between February and September 2018. This seminar is designed to give an introduction and overview to this important subject and is fully up to date with all developments.

Service charges are an integral part of landlords' work in financing value for money services and sustaining customer satisfaction. They have always been relatively complex but with increased financial challenges and legal and financial complexity there is an increased need to understand how service charging works.

Flats at Cressingham  
Gardens, Lambeth.

Housing Associations have traditionally levied service charges with most local authorities in England introducing them in the 'noughties'. Financial constraints and proposals for the future funding of supported housing are leading many local authorities and housing associations to look at reviewing their approach to service charges. It appears from the global accounts of registered providers that most housing associations are under-recovering service charges by about 20% and the situation in local authorities is similar. This seminar is suitable for people who are not experts in service charges, but who need to understand the basics and achieve an overview of what is going on. It is suitable for people including councillors, board members, housing managers, legal staff, finance staff, tenant representatives and members of the service charges team with limited experience!

### What the Session Covers:

- How do Service Charges work in Housing Associations and Local Authorities and for Leaseholders and Tenants?
- How are service charges calculated?
- How to de-pool service charges?
- When are service charges eligible for housing benefit / universal credit?
- Service Charges in Supported Housing
- Service Charge issues and how to ensure excellent customer service?

The session is accompanied by a very useful 100-page book that is designed for reference after the session entitled: **"All You Want to Know about Service Charges in Social Housing 2018"**
